## **Management's Responsibility**

---

To the Ratepayers of the Village of Lake Lenore (the "Village"):

The Village's management is responsible for the preparation and presentation of the accompanying financial statements in accordance with Canadian public sector accounting standards (PSAS). The preparation of the statements necessarily includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgments and estimates by management is required.

In discharging its responsibilities for the integrity and fair presentation of the financial statements, management designs and maintains the necessary accounting, budget and other related internal controls to provide reasonable assurance that transactions are appropriately authorized and accurately recorded, that assets are properly accounted for and safeguarded, and that financial records are properly maintained to provide reliable information for the preparation of the financial statements.

The Council is composed of elected officials who are not employees of the Village. The Council is responsible for overseeing management in the performance of its financial reporting responsibilities. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with external auditors. The Council is also responsible for recommending the appointment of the Village's external auditors.

HSA Chartered Professional Accountants LLP, an independent firm of Chartered Professional Accountants, is appointed by the Council to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and management to discuss their audit findings.

## **Independent Auditor's Report**

---

To the Mayor and Councillors of the Village of Lake Lenore (the "Village"):

### ***Opinion***

We have audited the financial statements of Village of Lake Lenore, which comprise the statement of financial position as at December 31, 2024, the statements of operations, changes in net financial assets, cash flows, and remeasurement gains and losses for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Village of Lake Lenore as at December 31, 2024, and the results of operations, changes in net financial assets, and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### ***Basis for Opinion***

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Village in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### ***Responsibilities of Management and Those Charged with Governance for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Village's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Village or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Village's financial reporting process.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Village's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Village to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Village of Lake Lenore**  
**Notes to the Financial Statements**  
**For the year ended December 31, 2024**

**1. Significant accounting policies**

The financial statements of the Village are prepared by management in accordance with Canadian public sector accounting standards (PSAS) as recommended by the Chartered Professional Accountants of Canada (CPA Canada). Significant aspects of the accounting policies adopted by the Village are as follows:

- a) **Basis of accounting:** The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.
- b) **Reporting entity:** The financial statements consolidates the assets, liabilities and flow of resources of the Village. The entity is comprised of all of the organizations that are owned or controlled by the Village and are, therefore, accountable to the Council for the administration of their financial affairs and resources. For the purpose of the financial statements of the Village, there are no additional organizations that require consolidation.
- c) **Collection of funds for other authorities:** Collection of funds by the Village for the school boards are collected and remitted in accordance with relevant legislation.
- d) **Government transfers:** Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return. Government transfers are recognized as revenue in the period that the events giving rise to the transfer occurred, as long as:
  - a) the transfers are authorized;
  - b) any eligibility criteria have been met; and
  - c) reasonable estimates of the amounts can be made.

Unearned government transfer amounts received but not earned are recorded as deferred revenue.

Earned government transfer amounts not received are recorded as an amount receivable.

Government transfers to individuals and other entities are recognized as an expense when the transfers are authorized and all eligibility criteria have been met.

- e) **Other (non-government transfer) contributions:** Unrestricted contributions are recognized as revenue in the year received or in the year the funds are committed to the municipality if the amount can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are contributions for which the contributor has placed restrictions on the use of the resources. Externally restricted contributions are deferred until the resources are used for the purpose specified, at which time the contributions are recognized as revenue. In-kind contributions are recorded at their fair value when they are received.
- f) **Revenue** - Revenue from transactions with no performance obligation is recognized at realizable value when the Village has the authority to claim or retain an inflow of economic resources and identifies a past transaction or event giving rise to an asset. Revenue from transactions with performance obligations is recognized as the performance obligations are satisfied by providing the promised goods or services to the payor. User fees are recognized over the period of use, sales of goods are recognized when goods are delivered. Licenses and permits with a single performance obligation at a point in time are recognized as revenue on issuance, those which result in a continued performance obligation over time are recognized over the period of the license or permit as the performance obligation is satisfied.
- g) **Deferred revenue** - Fees and charges: Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.
- h) **Local improvement charges:** Local improvement projects financed by frontage taxes recognize any prepayment charges as revenue in the period assessed.

**Village of Lake Lenore**

**Notes to the Financial Statements**

**For the year ended December 31, 2024**

**1. Significant accounting policies - continued**

- i) **Net financial assets:** Net financial assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.
- j) **Non-financial assets:** Tangible capital and other non-financial assets are accounted for as assets by the Village because they can be used to provide Village services in future periods. These assets do not normally provide resources to discharge the liabilities of the Village unless they are sold.
- k) **Appropriated reserves:** Reserves are established at the discretion of Council to designate surplus for future operating and capital transactions. Amounts so designated are described on Schedule 8.
- l) **Property tax revenue:** Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles, and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by Council following the guidance of the Government of Saskatchewan. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred. Requisitions operate as a flow through and are excluded from municipal revenue.
- m) **Financial instruments:** Derivative and equity instruments that are quoted in an active market are carried at fair value. All other financial instruments are measured at cost/amortized cost; financial assets measured at amortized cost are recognized initially net of transaction costs with interest income recognized using the effective interest rate method. Impairment losses are recognized in the statement of operations when there is an other than temporary decline in value.

Interest and dividends attributable to financial instruments are reported in the statement of operations. Unrealized gains and losses are recognized in the statement of remeasurement gains and losses. When the investment is disposed of the accumulated gains or losses are reclassified to the statement of operations.

**Long-term debt:** Long-term debt is initially recognized net of premiums, discounts, and transaction costs and is measured at amortized cost with interest expense recognized using the effective interest rate method.

**Measurement of Financial Instruments:**

The Village's financial assets and liabilities are measured as follows:

<u>Financial Statement line item</u>	<u>Measurement</u>
Cash and Cash Equivalents	Cost and amortized cost
Investments	Cost and amortized cost
Other Accounts Receivable	Cost and amortized cost
Accounts Payable	Cost
Deposits	Cost

- n) **Inventories:** Inventories of materials and supplies expected to be used by the Village are valued at the lower of cost or replacement cost. Inventories of land, materials and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the average cost method. Net realizable value is the estimated selling price in the ordinary course of business.
- o) **Tangible capital assets:** All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant inflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of contribution. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. The tangible capital assets that are recognized at a nominal value are disclosed on Schedule 6. The Village's tangible capital asset useful lives are estimated as follows:

**Village of Lake Lenore**  
**Notes to the Financial Statements**  
**For the year ended December 31, 2024**

**1. Significant accounting policies - continued**

<i><u>Asset</u></i>	<i><u>Useful Life</u></i>
<i><b>General Assets</b></i>	
<b>Land</b>	Indefinite
<b>Land Improvements</b>	15 Yrs
<b>Buildings</b>	40 Yrs
<i><b>Vehicles &amp; Equipment</b></i>	
<b>Vehicles</b>	10 Yrs
<b>Machinery and Equipment</b>	5 to 20 Yrs
<b>Leased capital assets</b>	Lease term
<i><b>Infrastructure Assets</b></i>	
<b>Water &amp; Sewer</b>	40 Yrs
<b>Road Network Assets</b>	15 to 40 Yrs

**Government contributions:** Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the cost of the related asset.

- p) **Employee benefit plans:** Contributions to the Village's defined benefit plans are expensed when contributions are made. Under the defined benefit plan, the Village's obligations are limited to their contributions.
- q) **Measurement uncertainty:** The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

Other land for resale is based on the estimated fair market value.

Amortization is based on the estimated useful lives of tangible capital assets.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

- r) **Basis of segmentation/Segment report:** The Village follows the Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowings.

The segments (functions) are as follows:

**General Government:** Provides for the administration of the Village.

**Protective Services:** Comprises expenses for police and fire protection.

**Transportation Services:** Responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

**Environmental and Public Health:** The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the Village.

**Planning and Development:** Provides for neighbourhood development and sustainability.

**Recreation and Culture:** Provides for community services through the provision of recreation and leisure services.

**Utility Services:** Provides for delivery of water, collecting and treating of wastewater, and providing collection and disposal of solid waste.

**Village of Lake Lenore**  
**Notes to the Financial Statements**  
**For the year ended December 31, 2024**

**1. Significant accounting policies - continued**

- s) **Budget Information:** Budget information is presented on a basis consistent with that used for actual results. The budget was approved by Council on May 17, 2024.
- t) **Assets Held for Sale:** the Village is committed to selling the asset, the asset is in a condition to be sold, the asset is publicly seen to be for sale, there is an active market for the asset, there is a plan in place for selling the asset, and the sale is reasonably anticipated to be completed within one year of the financial statement date.
- u) **New accounting policies adopted during the year:**  
**PS 3400 Revenue**, a new standard establishing guidance on how to account for and report on revenue. The standard provides a framework for recognizing, measuring and reporting revenues that arise from transactions that include performance obligations and transactions that do not have performance obligations. Performance obligations are enforceable promises to provide specific goods or services to a specific payer. This section may be applied retroactively or prospectively.

**2. Cash and Cash Equivalents**

	<b>2024</b>	<b>2023</b>
Cash	497,059	331,798
Short-term investments - amortized cost	-	-
<b>Total Cash and Cash Equivalents</b>	<b>497,059</b>	<b>331,798</b>

Allowance for Market Value Adjustment	(121,091)	(133,757)
<b>Net Other Land</b>	<b>112,500</b>	<b>119,300</b>
<b>Total Assets Held for Sale</b>	<b>158,948</b>	<b>133,063</b>

**7. Bank Indebtedness**

The Village has negotiated a line of credit with Affinity Credit Union to a maximum of \$150,000 bearing interest at prime plus 0.50% (5.45% at December 31) of which \$nil (2023 - \$nil) has been drawn as at December 31, 2024.

**8. Long-Term Debt**

The debt limit of the Village is \$448,658. The debt limit for a municipality is the total amount of the Village's own source revenues for the preceding year (the *Municipalities Act* section 161(1)).

**Village of Lake Lenore**  
**Notes to the Financial Statements**  
**For the year ended December 31, 2024**

**9. Contingent Liabilities**

The Village, together with a number of other rural and urban municipalities, is a member of the Regional Authority of Carlton Trail - Waste Management District Ltd. ("REACT"). REACT is governed by the Department of Saskatchewan Environment and Resource Management ("SERM") and is responsible for waste collection, landfill operations and future site restoration costs. Expenditures that relate to on-going environmental and reclamation programs are charged against revenues as incurred. Future site restoration costs are recognized based on assumptions, engineering studies and estimates to the costs of future removal and site restoration. Changes to the underlying assumptions or legislative change in the future could have a material impact on the financial statements. As these costs are not readily determinable, the Village has not provided for future site restoration costs.

**10. Pension Plan**

The Village is an employer member of the Municipal Employee Pension Plan (MEPP), which is a multiemployer defined benefit pension plan. The Commission of MEPP, representing plan member employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of benefits. The Village pension expense in 2024 was \$10,801 (2023 - \$10,341). The benefits accrued to the Village's employees from MEPP are calculated using the following: Pensionable Years of Service, Highest Average Salary, and the plan accrual rate.

Total current service contributions by the municipality to the MEPP in 2024 were \$10,801 (2023 - \$10,341). Total current service contributions by the employees of the municipality to the MEPP in 2024 were \$10,801 (2023 - \$10,341).

At December 31, 2023, the MEPP disclosed an actuarial surplus of \$744,391,000.

**11. Risk Management**

It is management's opinion that the Village is not exposed to significant risks arising from financial instruments.

**12. Comparative Figures**

Other non-financial assets and investments have been restated to conform to the current year's presentation.
